# Welcome to the System Web

This is where Foswiki keeps system documentation, including documentation that is included with optional extensions.

For most people, the System web is read-only; even administrators should not need to modify any of the topics here, though you may want to add your own topics - for example, to answer frequently asked questions from your users.

This site is running Foswiki version **v1.1.9**, Release **Foswiki-1.1.9**, Plugin API version **2.2**

## Tip of the Day

RSS news feed of topic changes

You can use an RSS news reader to find out what is new in a Foswiki web. This complements WebChanges ...
